

WOMEN IN ITSM 2026

[Unapologetically Visible – Women in ITSM 2026](#) is an empowering International Women’s Day event celebrating women’s visibility, voice and impact within the service management profession.

Held at the Bombay Sapphire Distillery, it brings together inspiring female leaders to explore topics such as neurodiversity, personal branding, micro-biases, leadership through change and thriving in male-dominated environments.

Join us on the 5th March for practical sessions and shared stories.

CONFIG & IT ASSET MANAGEMENT: WHAT ARE YOUR VIEWS?

During 2026, itSMF UK are planning a series of deep-dive white papers to explore members' challenges and solutions in key practice areas of service management - subjects such as major incidents, service design and change management.

The first paper in this series is on Configuration (CM) and IT Asset Management (ITAM), and we are now seeking volunteers to participate in a one-hour interview on CM and ITAM – where we’ll invite answers to a set of predefined questions and engage in deeper discussions to uncover the root cause of key issues.

[Contact](#) us today to take part in this project.

WISHING YOU A HAPPY, HEALTHY & PROSPEROUS NEW YEAR!

We want to take a moment to express our sincere appreciation to all our members and partners for your continued support, commitment, and active participation in the itSMF UK community.

Your ongoing engagement, insights, and collaboration have helped shape a truly vibrant, welcoming, and highly valuable resource for everyone involved in the service management field, strengthening our shared professional community.

We wish you a happy, healthy, and prosperous New Year, and look forward to achieving even more together in the months ahead!
